

**Railroad Crossing Repairs
Monday November 15, 2010**

The City of Nashua Street Department and Pan Am Railroad will be performing repairs to the crossing on Broad Street on Monday November 15, 2010. The work will be performed in the West bound lane only. Crews intend on maintaining two way traffic but flow could be restricted to one lane at times which would create delays. Construction is expected to be completed by the end of the day Monday. Please use caution and/or seek an alternate route during this time.

Expect Delays.
